Nothing to report.

B. NORMAL ACTIVITIES

1. In addition to the usual meetings and discussions on JOT affairs,

a. DTR outlined procedures to be followed in the development of the new JOT Program.

b. C/JOTP met with [redacted] to go over seven cases of candidates whose eligibility he questioned. As a result, five were turned down and two were sent to the Panel. Of the five, two were arbitrarily disqualified by the Medical Staff, and three were concurred in by C/JOTP, they being weak candidates at best.

2. C/JOTP met with D/Pers on three subjects:

a. He will reply to C/TSS that in an occasional case, a scientifically-trained JOT could be recruited at the top of his grade provided TSS approved the selection and would guarantee use of the JOT in a scientific slot, but that the ordinary JOT with scientific background who was to be trained as a case officer must be appointed in the usual manner.

b. He read me a draft of his statement that he would arrange the placement in DD/P of JOT's who had completed their training, irrespective of ceiling.
